

Riders Guide for Bend Dial-A-Ride Service

FINAL
Updated – November 2017

What are my rights under the ADA?

The Americans with Disabilities Act (ADA) is a civil rights law that requires public transportation to be accessible to persons with disabilities. ADA also recognizes that some persons who have disabilities will not be able to use fixed-route bus service, even if buses have wheelchair lifts.

If you are unable to ride the bus because of a disability, the ADA provides you the right to public transportation services that are comparable to the fixed-route bus service operated by Cascades East Transit (CET). These services are sometimes known as “dial-a-ride,” “paratransit” or “demand response,” and must operate during the same days of the week and hours of the day and within a ¾-mile radius on either side of CET's fixed bus routes. Also, these services, must serve the same areas as CET's fixed-route bus service.

Cascades East Transit meets ADA requirements and has done so since inception. CET's ADA paratransit service is called CET Bend Dial-A-Ride.

CET guarantees the rights ADA provides and manages the eligibility process according to ADA regulations. CET's fixed-route bus service is the first choice for persons with disabilities who are able to use the bus for some or all rides. CET's Bend Dial-A-Ride is reserved for those who cannot use CET fixed-route bus service due to a disability.

The ADA provides persons the right to appeal an eligibility determination or a decision to end or restrict rider service privileges.

For a copy of ADA regulations governing public transportation services, visit the ADA Home Page online at <http://www.usdoj.gov/crt/ada/> or contact Cascades East Transit at (541) 385-8680. For persons with hearing or speech difficulties, call the Oregon Telecommunications Relay Service at 7-1-1.

Cascades East Transit does charge a minimal processing fee of \$0.25 per page plus postage, for providing hard-copy information.

CET's Bend Dial-A-Ride - An Overview

What is CET's Bend Dial-A-Ride?

CET's Bend Dial-A-Ride is a shared-ride, origin-to-destination, wheelchair-accessible transportation service for persons whose disabilities prevent them from using Cascades East Transit (CET) lift-equipped, fixed-route buses. It is sometimes referred to as a "paratransit" service. CET's Bend Dial-A-Ride picks up riders from their origin and delivers them to their destination.

Who provides CET's Bend Dial-A-Ride service?

CET contracts driving services through Paratransit Services, Inc. a regional, non-profit transportation company. CET will continue to provide dispatching, customer service and Quality Improvement (QI) services.

Is my driver qualified?

All CET's Bend Dial-A-Ride drivers must pass criminal history background and Department of Motor Vehicle (DMV) driving record checks and drug screening before they are allowed to drive. CET's Bend Dial-A-Ride drivers receive training in defensive driving, passenger safety and sensitivity, first aid and bloodborne pathogens.

Can I use CET's Bend Dial-A-Ride?

If you believe a disability prevents you from using the fixed-route bus service, you are most likely eligible for CET's Bend Dial-A-Ride services. You must complete and submit a CET Bend Dial-A-Ride eligibility application to determine eligibility in order to use CET's Bend Dial-A-Ride service.

How do I apply for CET's Bend Dial-A-Ride?

Call CET's Bend Dial-A-Ride customer service number at (541) 385-8680 or Voice-TTY at 7-1-1 to request an application. Professional verification of your disability is required on the last page of the application. You may also be asked to participate in an in-person and/or an over-the-phone interview for CET to further understand and assess your functional abilities.

Eligibility

How do I know if I am eligible for CET's Bend Dial-A-Ride?

You must meet the conditions established by the Americans with Disabilities Act (ADA) to qualify for CET's Bend Dial-A-Ride. Federal law restricts eligibility for CET's Bend Dial-A-Ride paratransit service to persons who cannot, due to a disability, utilize CET's fixed route bus services. The CET Bend Dial-A-Ride eligibility application contains a series of questions that helps CET determine whether or not you are capable of using the fixed-route bus service.

If you refuse to provide information about your degree of ability or if you are unwilling to participate

in a professional evaluation or in-person assessment by our staff, your eligibility may be denied. Eligibility is based on each person's capability, not on a specific medical diagnosis.

You will receive an eligibility letter from CET no later than twenty one (21) days after receipt of your completed application.

Eligibility Categories

Temporary Eligibility

You may qualify for temporary eligibility if you have a short-term injury or illness which prevents you from using the fixed-route bus service for a limited time period—usually from one (1) to twelve (12) months. If you qualify for temporary eligibility, your eligibility letter will indicate the date your eligibility will expire and your eligibility category.

Conditional Eligibility (ADA Category 3)

You may be conditionally eligible if your disability prevents you from using the fixed-route bus service under certain conditions. If you are conditionally eligible, you will be expected to use the fixed-route bus service for all rides that are manageable, based on your situation. If you qualify for conditional eligibility, your eligibility letter will indicate under what conditions you may use CET's Bend Dial-A-Ride and when you are expected to use fixed-route bus service.

Full Eligibility (ADA Category 1)

You may be fully eligible if your disability prevents you from using the fixed-route bus service under any condition. Applicants who qualify for full eligibility will not be expected to use fixed-route bus service under any conditions.

Can I change my eligibility category?

You may apply for a different eligibility category if you experience a change in your disability that impacts your ability to use fixed-route bus service. A change in eligibility requires professional verification and is subject to the 21 day processing period.

Is my eligibility permanent?

CET's Bend Dial-A-Ride clients are required to reapply every three years. Prior to your eligibility expiration date, you will receive a notice. If you are still using the service and would like to reapply, simply call the number on the notice and a new application will be mailed to you. You will need to complete and submit the new application, including the professional verification section, in order to renew your eligibility for CET's Bend Dial-A-Ride services.

What are my options if I am denied or disagree with my eligibility category?

If you disagree with an eligibility decision made by CET's Bend Dial-A-Ride, you have the right to appeal the decision. Prior to appealing a decision, you are encouraged to request a review of the decision by CET's Transportation Manager.

Review of a Decision

At your request, a CET's Transportation manager will conduct an independent review of the eligibility determination. The manager will review your file and, if necessary, gather additional information. If the manager agrees with the eligibility determination, you have the option to appeal the decision.

Appealing a Decision

Step 1. You request an appeal for the denial, or the conditions, of eligibility. Your request must be made in writing within sixty (60) days of the decision.

Step 2. Appeal requests are sent to the ADA Appeals Board for review.

Step 3. CET will notify you of the date, time and location of the appeals hearing. If you are so inclined, you may have someone accompany you to the appeals hearing.

Step 4. The ADA Appeals Board will make a final determination and notify you in writing within thirty (30) days after receiving the written complaint. If, after thirty (30) days, the ADA Appeals Board is unable to make a final determination regarding your application you will be given temporary eligibility until a final determination is made.

Can I re-apply for CET's Bend Dial-A-Ride?

If you have been previously denied eligibility for CET's Bend Dial-A-Ride service, you may re-apply if your situation has changed and you think that you may now be eligible for CET's Bend Dial-A-Ride.

Can out-of-town visitors use CET's Bend Dial-A-Ride?

Visitors from out of town, who are ADA eligible for ADA paratransit transportation services or who provide documentation of a disability or can self-certify a disability that prevents them from using the fixed-route bus service, may use CET's Bend Dial-A-Ride for up to twenty one (21) days without going through the application process. If a visitor stays for more than twenty one (21) days, he or she will be asked to submit a CET's Bend Dial-A-Ride application to determine eligibility.

What if I'm traveling out of town?

If you travel out of town, carry your CET's Bend Dial-A-Ride eligibility certification letter with you as proof of your ADA eligibility and call the paratransit transportation service in the community you are visiting for information on how to use their system.

Subscription Service

Can I schedule ongoing rides without calling to schedule each individual ride?

If you go to and from the same places at the same times on the same days of the week on at least a weekly basis, you may schedule a subscription, or ongoing, ride. The subscription ride can be called in 14 days in advance.

For example, if you go from home to the grocery store on Mondays at 8:00 a.m. and return at 10:00 a.m. on a weekly basis, you could schedule the ride as a subscription, or ongoing, ride.

What if I do not need my subscription ride?

Subscription rides are subject to the same rules as other CET's Bend Dial-A-Ride rides. If you do not need your subscription ride for a day, or span of days, please call in to cancel your ride(s).

Arrivals and Departures

When do I need to be ready?

- For pre-scheduled, initial pick-up times (usually from your home), a CET's Bend Dial-A-Ride vehicle could arrive at any time during your thirty (30) minute window. *For example, if you are scheduled to be picked up from your home at 8:30 a.m., a CET's Bend Dial-A-Ride vehicle should arrive between 8:30 a.m. and 9:00 a.m.*
- *Rides scheduled for an appointment times the CET vehicle could show up 1 hour and 5 minutes prior to your appointment time. For example, if you are scheduled to be at the doctor at 10:00 am your home pick up window would be as early as 8:55 am.*
- For pre-scheduled return times (out in the community), a CET's Bend Dial-A-Ride vehicle should arrive no later than thirty (30) minutes after your scheduled return time. *For example, if you are scheduled to be picked up from a supermarket at 1:30 p.m., a CET's Bend Dial-A-Ride vehicle should arrive between 1:30 p.m and 2:00 p.m.*
- For "will call" returns (out in the community), a CET's Bend Dial-A-Ride vehicle should arrive no later than sixty (60) minutes from the time you notify CET's Bend Dial-A-Ride that you are ready for your return. *For example, if you call for your return at 3:15 p.m, a CET's Bend Dial-A-Ride vehicle should arrive between 3:15 p.m. and 4:15 p.m.*

"Will call" returns can take up to sixty (60) minutes for the driver to arrive so it's important you have a

waiting location that is safe and shelters you from the elements until your driver arrives.

Will the driver be on time?

CET's Bend Dial-A-Ride drivers make every effort to arrive on time. Please keep in mind that the CET's Bend Dial-A-Ride program is a shared-ride service. Other clients may be picked up and dropped off before you reach your destination. Unexpected delays sometimes occur due to traffic, vehicle problems, passenger delays or weather conditions.

How will I know when a driver arrives?

When a CET Bend Dial-A-Ride driver arrives, he or she will announce his or her arrival at the entrance of the pick-up address.

CET's Bend Dial-A-Ride drivers, upon arriving in the appropriate time window, are required to wait for you for five (5) minutes. After waiting five (5) minutes, if you are not present and ready for transport, the driver will be directed to leave without you.

If a driver does not arrive during the appropriate time window please call a CET Bend Dial-A-Ride Customer Service Representatives at: (541) 385-8680.

What is a no-show trip?

A no-show trip is when:

- You fail to cancel your trip at least thirty (30) minutes before your scheduled pick-up time.
- You fail to meet the vehicle at your designated pick-up location.
- You are not ready to go at your scheduled pick-up time (after driver has waited for five (5) minutes within the appropriate time window).

What happens when I have no-show trips?

Within a 30-day period, if you have three or more no-shows, OR no-shows which are 10 percent of your completed trips (whichever is greater), will be grounds for service suspension. Only no-shows and late cancellations which are within your control will be counted toward the policy. The standard suspension duration is ten (10) service days.

If you are a no-show on a ride starting from your home, you must contact CET's Bend Dial-A-Ride and cancel any other scheduled trips no longer needed that day to avoid receiving additional no-shows.

When you have at least two (2) no-show trips within a rolling thirty (30)-day period, you will receive a warning letter stating that any additional no-show rides may result in a suspension of service.

All clients will be given fourteen (14) days of notice before a suspension of service takes effect.

How do I appeal a no-show trip?

If your service is scheduled for suspension due to a series of no-show trips, you may request a review of the decision by calling CET's Bend Dial-A-Ride at (541) 385-8680. A CET's Operations manager will conduct an independent review of the decision. The manager will review the file and, if necessary, gather additional information. You may be asked to participate in an in-person interview.

CET's Operations Manager will make every effort to complete the review process as soon as possible and you will be notified in writing within five (5) business days of the review decision.

If you are not satisfied with the outcome of the review, you may initiate an appeal.

The appeals process

In order to appeal a CET's Operations manager's independent review you must submit the appeal in writing within fourteen (14) days of receiving notice of the review decision. The written appeal should be submitted to:

CET Transportation Manager
1250 Bear Creek Rd
Bend, OR 97701

CET will notify you of the date, time and location of the appeals hearing. If you are so inclined, you may have someone accompany you to the appeals hearing.

"Suspension of service" appeals will be heard by CET's Americans with Disabilities Act (ADA) Appeals Board. The board will review the documentation provided by you and CET staff. The board will also accept testimony from you.

The ADA Appeals Board will review the appeal, make a final decision, and notify you within fifteen (15) days of the final decision. When this final determination is made the appeals process is complete.

Your CET's Bend Dial-A-Ride service will not be affected during the appeals process. If the final determination supports a suspension of service, you will be given fourteen (14) days of notice before a suspension of service takes effect.

The ADA Appeals Board will make a final determination and notify you in writing within thirty (30) days after receiving the written complaint. If, after thirty (30) days, the ADA Appeals Board is unable to make a final determination regarding your application you will be given temporary eligibility until a final determination is made.

What if I feel my rights have been violated?

CET believes in its obligation to provide the best ADA paratransit service possible and will actively try to resolve any complaints of non-compliance immediately. If you feel your rights have been violated, you are encouraged to try and resolve the issue at the local level before contacting the FTA.

The FTA considers an ADA violation to be a consistent operational practice that would discourage a person from using the provided paratransit service, or an operational practice that artificially limits the demand for service.

If you feel that CET is in violation of the Americans with Disabilities Act (ADA), all regular channels for complaints have been exhausted, and the practice still exists, call the Federal Transit Administration (FTA) Civil Rights Office in Seattle, WA at (206) 220-7954.

How can I obtain a copy of the Americans with Disabilities Act (ADA)?

For a copy of ADA regulations governing public transportation services visit the ADA Home Page at <http://www.usdoj.gov/crt/ada/> or contact CET's Bend Dial-A-Ride at (541) 385-8680. For persons with hearing or speech difficulties, call the Oregon Telecommunications Relay Service at 7-1-1.
