- Graphics may be changed as often as once per year and are not required to be changed for the life of the contract. Graphics cannot be changed for 6 month contracts.
- Shop space for sign installation is provided as needed and at no charge, but operational and maintenance needs have priority for scheduling.
- Vehicle exteriors are cleaned regularly, except when temperatures go below 20 degrees Fahrenheit.
- The vehicles are in service based on published schedules.
- Sponsors must fill out a sponsorship form and enter into a sponsorship agreement with COIC to advertise on CET buses.

Please note the King Side of the small fixed-route buses have a fuel cutout from the graphics required, and the Queen Side of the vans have some graphic disruption from door handles and hinges.
